

Video Requirements and Instructions

IOF has developed a special home study video program for the Level 1 and Level 2 Orthobiologic Injection Skills Courses. Course information can be found at: <https://interventionalorthopedics.org/upcoming-education/> If you have any questions prior to submitting this form, please contact us by email at info@interventionalorthopedics.org or by phone at 303-469-4431.

To qualify for the home study videos you must meet the following conditions:

- You must attest to the pre-requisites for course skill level (see page 2)
- You must complete an onsite hands-on cadaver course within 12 months of video purchase
- **If you purchase an entire video set, we will apply this credit to your registration toward the scheduled hands-on course
